STATEMENT

Experienced senior marketing executive known for driving success by elevating brand value, while inspiring consumers and partners to brand advocacy. Completed intensive Content Marketing, Data Science, and WSET certifications with goal of creating innovative, world-class opportunities for brands in the rapidly evolving wine marketplace.

EXPERIENCE HIGHLIGHTS

Beverage Background (Wine & Spirits, Premium Imported Beer)

Brand Management – Global Wine Brand

- Hired to revitalize premium products. Created long-range strategic plans for international brand owners to recapture premium position.
- Leveraged influence of Celebrity Chefs (Daisy Martinez, Martin Yan, and others) with omni-channel marketing program (online/offline) engaging consumers on meal preparation, wine pairing and tasting.
- Rapidly increased volume (+22.9%) and depletions (+12%) in a declining category, while driving brand awareness and trial.

National Sales Services Management – Wine & Champagne Portfolio

- Championed effort to drive growth of product portfolio, (including *Perrier Jouët, G.H. Mumm, Mumm Napa, Jacob's Creek, Brancott, Stoneleigh, Campo Viejo, Graffigna and Sandeman Port*)
- Directed North American cross-functional team of sales, marketing, analytics, operations, and customer service to achieve U.S. expansion. Directly managed five regional directors/sales teams.
- Increased sales effectiveness by mandating HQ centralization (monitoring brand initiatives, support, and KPI measurement). Ensured consistency, alignment, and priorities among distributors.

Executive Leadership – Imported Premium Beverage Portfolio

- Hired to launch and manage a retail focused, consultative division of an international marketing agency, with P&L responsibility. Established office and an embedded team at InBev USA.
- Increased volume of InBev premium imported beverage portfolio by +40% at key on-premise national accounts, and grew sales by +30% while securing case displays 5 times over plan at off-premise accounts - through unconventional program partnerships.

Related Certifications

PROJECTS

WINE LIST RECOMMENDER SYSTEM

Development of a recommender that leverages web-scraped data to guide restaurant wine list development, utilizing Python, Pandas, NumPy, Selenium, and Collaborative/Content Recommender approaches

WINNING WITH WORDS OF WINE

Assessed the frequency and importance of descriptive terms captured from wine reviews published in 2020. Findings then published by *The Startup* and *Analytics Vidhya* (via Medium). Utilized Selenium, Python, Pandas, NumPy, and Matplotlib.

AWARDS

American Marketing Association, New York: **EFFIE Award for Advertising Effectiveness**
Mobil "Heritage" repositioning campaign
