STATEMENT

Experienced senior marketing executive elevating brand value while inspiring consumers and partners to brand advocacy. Completed intensive Content Marketing, Data Science, Software Engineering and WSET certifications with goal of creating innovative, world-class opportunities for brands in the rapidly evolving wine marketplace.

EXPERIENCE HIGHLIGHTS

Beverage Background (Wine & Spirits, Premium Imported Beer)

Brand Management – Global Wine Brand
- Hired to revitalize premium products. Created long-range strategic plans for international brand owners to recapture premium position.
- Leveraged influence of Celebrity Chefs (Daisy Martinez, Martin Yan, and others) with omni-channel marketing program (online/offline) engaging consumers on meal preparation, wine pairing and tasting.
- Increased volume (+22.9%) and depletions (+12%) in a declining category, while driving awareness and trial within a fiscal year.

National Sales Services Management – Wine & Champagne Portfolio
- Championed effort to drive growth of product portfolio, (including *Perrier Jouët, G.H. Mumm, Mumm Napa, Jacob's Creek, Brancott, Stoneleigh, Campo Viejo, Graffigna, and Sandeman Port*)
- Directed North American cross-functional team of sales, marketing, analytics, operations, and customer service to achieve U.S. expansion. Directly managed five regional directors/sales teams.
- Increased sales effectiveness by mandating HQ centralization (monitoring brand initiatives, support, and KPI measurement). Ensured consistency, alignment, and priorities among distributors.

Executive Leadership – Imported Premium Beverage Portfolio
- Launched a retail focused, consultative division of an international marketing agency, with P&L responsibility. Established office and an embedded team at InBev USA.
- Increased volume of InBev premium imported beverage portfolio by +40% at key on-premise national accounts, and grew sales by +30% while securing case displays 5 times over plan at off-premise accounts - through unconventional program partnerships.

Related Certifications
- ***Wine & Spirit Education Trust (WSET) - London, UK***
  - Level 1 Award in Wine (Awarded - January 2021)
  - Level 2 Award in Wine (Pass with Distinction - February 2022)

- OAuth 2.0/Okta
- SQL and NoSQL (MongoDB)
- Data Visualization and Reporting
- Customer and Product Analytics
- Tableau
- Machine Learning
- Natural Language Processing (NLP)
- Google Analytics
- Oracle Business Intelligence
- Salesforce
- Nielsen/IRI/Cognos

PROJECTS

WINE LIST RECOMMENDER SYSTEM

Development of a recommender that leverages web-scraped data to guide restaurant wine list development, utilizing Python, Pandas, NumPy, Selenium, and Collaborative/Content Recommender approaches

WINNING WITH WORDS OF WINE

Assessed the frequency and importance of descriptive terms captured from wine reviews published in 2020. Findings then published by *The Startup* and *Analytics Vidhya* (via Medium). Utilized Selenium, Python, Pandas, NumPy, and Matplotlib.

WINE & DINE: REACT APP

Created an application to simplify a user's ability to pair a wine with a meal with the press of a button. Constructed interface to deliver a curated API call that posts official pairings with photos and links to complete recipes. Utilized HTML, CSS, JavaScript, React, Express, deployed on Surge.

AFFILIATIONS

- American Marketing Association
- Boston College Alumni Association
- Homefront Initiative
- "Hitting Home" Charity Hit-A-Thon

Marketing Management

Strategic Planning
- Determined vision, goals, and objectives for brands.
- Effectively delivered AOP and LRP for priority wine brands to C-suite and International Brand Owners. Established KPI's and tracking.

Team Leadership
- Chaired high level cross-matrix teams at several major corporations.
- Delivered the strategy that transformed Duracell's relationship with Target, attaining coveted "inner-circle" status.

Creative Solutions
- Innovates through detailed conversations with teams to improve business, focusing on common goals and purposeful performance.
- Consulted Kraft salesforce on co-marketing campaigns, leading other regions by a 5:1 ratio. Appointed to overhaul national initiative.

Data Science and Digital Marketing

Analytical Mindset
- Drives strategic insights, visualizes fresh marketing opportunities. Currently publishing projects focused on wine, marketing, and data.
- Experience in constructing predictive models, regression analysis, customer segmentation, engagement, retention, A/B testing, NLP.

Creative Content Marketer
- Creates and measures engaging content while leveraging organic and paid traffic to drive content to impact target audience.
- Reversed a 3-year decline in enrollment for a private school system with an insight driven customer acquisition and retention program.
